INFORMATICS ENGINEERING

Fresh graduate in Informatics Engineering with interests in data analysis, business operations, and information systems. Experienced in managing and analyzing sales data through academic and business projects, including sales forecasting implementation using the Simple Moving Average (SMA) method. Familiar with Microsoft Excel, Google Sheets, MySQL, and data processing. Able to work independently and collaboratively with good analytical, communication, and problem-solving skills.

EDUCATION

Universitas Muhammadiyah Prof. Dr. Hamka (UHAMKA)

Sep 2022 – Jan 2026

Bachelor of Informatics Engineering — GPA: 3.37 / 4.00

Relevant coursework and projects focused on information systems, databases, sales reporting, forecasting, and web-based application development.

Bangkit Academy — Cloud Computing Cohort

Sep 2024 – Jan 2025

Completed an intensive cloud computing program focused on Google Cloud Platform (GCP), cloud infrastructure, and cloud-based application development. Collaborated on team projects while improving analytical thinking, problem-solving, and technical communication skills through hands-on implementation activities.

PROJECT EXPERIENCE

E-Commerce Website – JKT Sweet Dessert

Sep 2025 – Jan 2026

Developed a web-based e-commerce system for product ordering and sales management with a focus on sales data processing and reporting. Implemented sales forecasting features using the Simple Moving Average (SMA) method to support business analysis and decision-making. Managed product and order data while assisting in analyzing sales trends and operational performance through reporting features.

Bali Tourism Recommendation Application

Nov 2024 – Jan 2025

Developed a tourism information application within a team project by handling database management and API integration. Assisted in organizing and processing tourism data to improve information accessibility and support application functionality.

ORGANIZATIONAL EXPERIENCE

HIMATI UHAMKA — (Himpunan Mahasiswa Teknik Informatika) Jan 2023 - Jan 2024

Secretary of Public Relations and Communication Division

Managed administrative documents, meeting notes, and organizational reports while assisting in data organization, reporting, and communication activities. Supported information dissemination and event coordination with strong attention to detail and documentation accuracy.
